

I am a highly skilled professional with extensive knowledge of information technology. I graduated from the University of the Sunshine Coast with a GPA of around 6.0 and have previous experience working in IT hardware support. Additionally, I possess comprehensive knowledge of website development including HTML, CSS, JavaScript, ReactJs, MongoDB, NodeJs, etc. as an intern fullstack developer. With my diverse skill set, I am confident in my ability to excel in any IT support role and contribute significantly to any organization.
